

MISCELLANEOUS TEXT (FEC Form 99)

Explanation of Amended Report for Second Quarter 2014

Covering the period June 5, 2014 through June 30, 2014

A contribution from Lawrence Jones, II was erroneously omitted from the original report.

A contribution was reported from Citizens Organized that was never received. It was confused with an organization with a similar name and a contribution from both was reported when only one was a donor.

The date received for contributions from Senators Classic Committee were originally reported the date Citizens For Cochran received the check from the Joint Committee. The amended report uses the date the donor made the contribution to the Joint Committee. This cleared up the need for 48 hour notices.

Some of the aggregate amounts were incorrect for contributions received and are corrected on the amended report. This was caused by changes made in preparation of the report and the aggregate was not corrected before filing the original report.
